Comments

From January 28 to 30, 2019, in Geneva, during bilateral meetings with the Delegation of Afghanistan held in conjunction with the "Workshop on drafting legislation in accordance with the UPOV Convention" (Workshop for Laws), the Office of the Union discussed relevant provisions of the 1991 Act and provided comments with regard to a Draft Law provided on January 6, 2019, identifying those provisions that did not comply with the Council decision of 2018.

On May 5, 2019, Mr. Nang informed the Office of the Union that the Government of Afghanistan was updating its Draft Law in accordance with the comments of the Office of the Union of January 2019, in order to comply with the Council decision of 2018. AFRICAN REGIONAL INTELLECTUAL PROPERTY ORGANIZATION (ARIPO)

Member States of ARIPO (20): Botswana, Gambia, Ghana, Kenya, Lesotho, Liberia, Malawi, Mauritius (new), Mozambique, Namibia, Rwanda, Sao Tome and Principe, Sierra Leone, Somalia, Sudan, Eswatini, United Republic of Tanzania, Uganda, Zambia, Zimbabwe

Council decision of 2014

April 11, 2014 (document [C\(Extr.\)/31/6](#))

The Council decided to:

(a) note the analysis in document [C\(Extr.\)/31/2](#);

(b) note that the letters “(c)” and “(d)” of Articles 11, 12(1) and (3), 19(6), in Annex II of document C(Extr.)/31/2, should read “(a)” and “(b)” and that the word “not” should be deleted from Article 27(5) in accordance with the original text of the Draft Protocol;

(c) take a positive decision on the conformity of the Draft ARIPO Protocol for the Protection of New Varieties of Plants with the provisions of the 1991 Act of the International Convention for the Protection of New Varieties of Plants, which allows:

(i) the Contracting States to the Protocol that are not members of the Union bound by the 1991 Act, and

(ii) ARIPO, in relation to the territories of the Contracting States bound by the Protocol,

once the Draft Protocol is adopted with no changes and the Protocol is in force, to deposit their instruments of accession to the 1991 Act; and

(d) authorize the Secretary-General to inform ARIPO of that decision.

The “Diplomatic Conference for the adoption of the Draft Protocol for the Protection of New Varieties of Plants (Plant breeders’ rights)”, was held on July 6, 2015, in Arusha, United Republic of Tanzania. The Diplomatic Conference adopted on July 6, 2015, the “Arusha Protocol for the Protection of New Varieties of Plants within the Framework of the African Regional Intellectual Property Organization (ARIPO)” (Arusha Protocol). Gambia, Ghana, Mozambique and Sao Tome and Principe signed the Arusha Protocol. The Protocol remains open for signature until December 31, 2015.

The table below presents the changes that were introduced during the adoption procedure, which were not part of the decision of the Council of April 11, 2014.

The changes introduced to Article 4(1) and Article 37 of the Arusha Protocol, in relation to Article 1(viii) and Article 34(1) of the 1991 Act of the UPOV Convention, would mean that the positive decision of the Council would no longer be relevant. The other changes do not appear to introduce inconsistencies with the 1991 Act of the UPOV Convention. Therefore, with the exception of Article 4(1) and Article 37, States and relevant intergovernmental organizations would be able to use the other provisions of the Arusha Protocol as a basis for developing legislation in accordance with the 1991 Act of the UPOV Convention.
